

**PRECISION FOR NATURE'S  
PROTECTION.**

**ELORA SPECIALIZED TOOLS  
FOR ORNITHOLOGY.**

# LIGHT IN HAND, STRONG IN ACTION.

Our bird ringing pliers are specialized tools used in ornithology for the individual marking of birds. With their precise mechanics, they enable the safe and gentle application of metal or plastic bands to a bird's leg.

ELORA bird ringing pliers are specifically designed for this delicate task, ensuring maximum precision and careful handling.

**For professional research and sustainable conservation - quality by ELORA.**
